

MY RESUME

email: my mail

website: mywebsite.com

Critical thinking, decision-making, and problem-solving skills. Experience with cloud infrastructure and automation tools.

Areas of Knowledge

- Managing **Docker** and containerized applications.
- Good knowledge of **new technologies** in general.
- Working with **AWS** and their important services (EC2, RDS, EKS, S3, R53, etc).
- Strong knowledge of **modern cloud architectures** and **infrastructure management**.
- Experience with Infrastructure as Code using tools like **Terraform**.
- Familiarity with scripting for automation (**Bash, Python**).
- Keen on **continuous learning** and staying updated with **new technologies**.

Professional Experience

Company 3– Devops Engineer (May 2023 – Present)

- Designed and maintained a high-performance Dockerized infrastructure, including SQL databases, PHP processing, and caching systems.
- Monitored and ensured 24/7 site availability through effective infrastructure monitoring and automated alert systems.
- Managed incident response and recovery operations, maintaining high service levels.

Company 2 – Devops Specialist (Dec 2022 – May 2023)

- Migrated company sites and services to AWS cloud using Docker containers.
- Maintained sites in the AWS cloud, using key services (EC2, RDS, EBS, S3, R53 and more).
- Task management with Jira.
- Python and Bash scripting for deployment and maintenance tasks.

Company 2 – IT Analyst - SysAdmin (June 2021 – Dec 2022)

- Deployed and maintained applications and sites on-premises with automated backups using Bash scripting.
- Systems administration of Windows and Linux servers(On-premises and Cloud).
- Basic MySQL administration.
- Administration of the corporation's infrastructure.

Company 1 – IT Analyst (September 2019 – June 2021)

- Systems administration of Windows and Linux servers.
- Support and maintenance of 600+ computers working 24/7 including patch management and updates via SCCM.
- Virtualization.

Languages

English (Advanced), Spanish (native)

Education

University - Information Technology Infrastructure Bachelor's Degree (March 2020- July 2023)

AWS Certification - AWS Solutions Architect - Associate (SAA)
